DOCKET CONTROL

I urge you to reject Sulphur Springs Valley Electric Cooperative's proposal in docket E-01575A-15-0312.

The proposed fixed fees for solar customers are the highest we have ever seen proposed in the state. Raising fees 286% is a punitive and arbitrary attempt to block solar adoption. If passed, the solar industry would be forced out of the territory, threatening solar jobs and eliminating energy choice for all members of the cooperative. Additionally, this excessive fee would render current solar savings in the territory mute, leaving homeowners upside down in their investment.

Attempting to collect lost revenue from your ratepayers who are elderly, on fixed incomes, or low-income is just bad business. A 143% increased fixed fee on the residential class is also detrimental to these residents as it is to the solar customers.

I urge you to reject this proposal. Please protect the interests of the cooperative's members. These drastic fee increases are not in our best interest.
